## Cabbage & Tyler's Amazing Adventures in Dibble World

In this adventure, you will meet the Jungle Gorillas and learn with Cabbage, Tyler and friends how to play safely. You will also learn that some things are best kept where they are found.

Listen and read along with your child.  
Scan the QR code.  
This will play an audio recording of the story.

# Meet the Jungle Gorillas

Down the MerryGate slide  
and into Dibble World we go!

Welcome to Dibble World!

Cabbage

Izzy

Boo

Poppy

Baby Li

Tyler

Wow!

Look at all the  
colourful flowers!

"We don't want to get lost  
so we stay together."

Watch out!

Some flowers have thorns.

Izzy and Tyler climb  
a tall Tok-Tok tree.

"Be careful when you climb trees.  
You don't want to fall" says Bird.

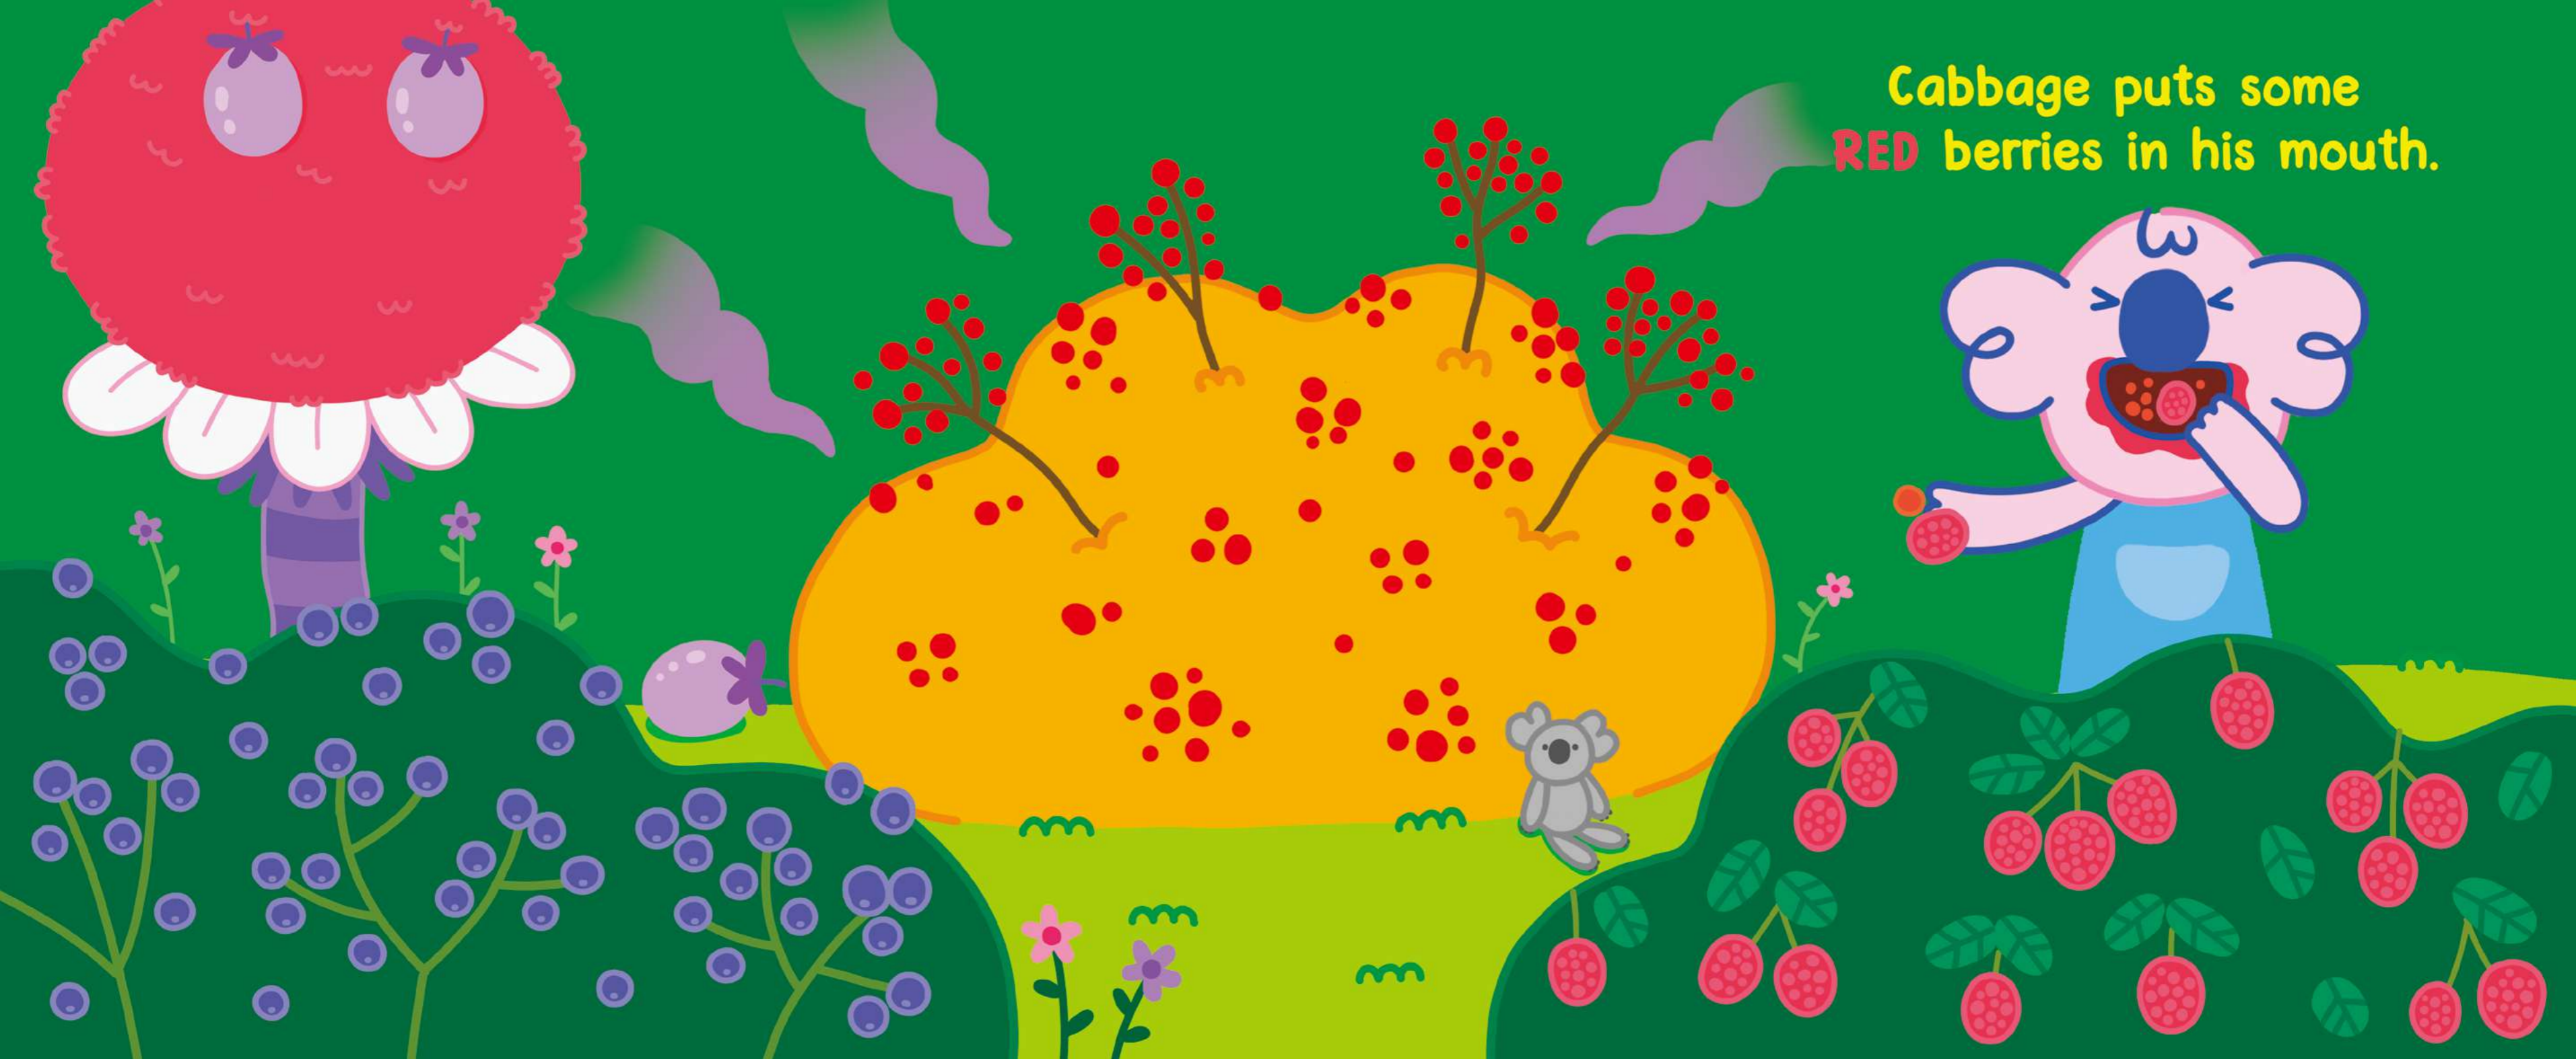

Cabbage  
shakes  
a big  
Blossom  
Tree.

Oh no!  
A PURPLE  
fruit falls  
onto  
his  
head.

Cabbage puts some  
**RED** berries in his mouth.

Cabbage doesn't feel well.

If you don't know what it is,  
don't put it in your mouth.  
It could make you sick.

The children are playing and the loud noises have woken the Gorillas up from their afternoon nap.

**"What's going on?"**

**This is  
Gorilla Pop.  
He lives in  
Dibble Jungle.**

"Welcome to Dibble World.  
I am Gorilla Pop  
and this is Plum-Plum,  
Berry and Mango."

Gorilla Pop

Plum-Plum

Berry

Mango

Gorilla Pop explains  
how flowers are best  
kept in the wild  
where they belong.

The Jungle Gorillas help Poppy  
and Baby Li plant the flowers  
back into the ground.

"Have fun but  
always play safely."

Staying together  
is the best way  
to not get lost.

Don't play with  
sharp things.  
You could hurt  
yourself.

Climbing is fun.  
But make sure  
you don't fall.

If you want to  
shake something,  
make sure nothing  
falls on your head.

If you don't  
know what it is,  
don't eat it.  
You could get sick.

The children had so much fun in Dibble Jungle.

They give the Gorillas a big koala hug and say goodbye to their new friends.

## Time to go home in the big hot air balloon!

Always play safely and remember - plants and flowers have homes too. It's best to keep them in the ground where they belong, no matter how pretty they are.

An Original Idea by Ned Hsu and Anthony Soames
